Our most active customers will receive our bulletin automatically and free of charge. However, collectors interested in highly specialized areas and those who may order infrequently are asked to subscribe, as are those who want the bulletin by air mail. The names of non-subscribers may be removed from our mailing list at any time without notice.

Postage and insurance (or registration) fees will be billed to customers who order without sending advance payment. We will absorb the mailing fees on orders accompanied by full payment. All orders under \$5.00 must include \$.25 for handling. The above also applies to overseas orders. However, we cannot be liable for coins sent to countries that do not provide for insurance.

Applicable Texas Sales Tax must be included on all intra-Texas transactions. Texas dealers must furnish their permit number in order to be exempt from the tax. All prices quoted are in United States Funds.

All coins are guaranteed to be genuine unless otherwise noted. All items except books and coin supplies are sent on five day approval. Unless prior extension is arranged, all items must be completely paid for within fourteen days after their dispatch from our offices. After that a 1% per month interest charge will be added.

NOTICIA PARA NUESTROS CLIENTES EN LATINO AMERICA Y ESPAÑA

(This message only for clients in Latin America and Spain)

Durante los años ha sido un placer enviar catalogos a nuestros amigos y clientes de habla Española. Desde luego hemos tenido algunos que han pagado la cuota normal para este servicio, pero bastantes han recibido los catalogos gratis. De los cientos y hasta miles que hemos enviado, hemos recibido algunos pedidos, pero con toda franqueza no suficientes para justificar el costo. En el futuro si no recibimos ordenes periodicamente, tienen que pagar la cuota anual o no recibirán el catalogo. La cuota anual es \$7.00 U. S. incluyendo franqueo aereo. Aceptaremos cheque o giro en dolares o billetes en efectivo de su propio país al cambio oficial de ventas en Nueva York, siempre los billetes tienen que estar en condicion absolutamente sin circular. Clientes que no pagan por subscripcion serán extraidos sin previo aviso.

Otra cosa importante es que el correo de Los Estados Unidos no paga mas que \$13.07 U. S. en el caso de paquete o sobre perdido. Nosotros sencillamente no podemos ser totalmente responsable por perdidas que ocurren en la aduana o correo de su país. En caso de alguna perdida pagaremos la mitad del valor y el cliente tiene que pagar la otra mitad. Desde luego descontamos \$13.07 de la cuenta siempre y cuando el correo de los Estados Unidos nos reembolsa a nosotros.

We have recently acquired a collection of Israeli Commemorative coins which includes all issues in both proof and brilliant uncirculated. Although we would prefer to sell this as a single lot, we would consider breaking it into two lots for a serious collector. Please send offers or write.

EIGHT REALES AND PESOS OF THE NEW WORLD

The references used to catalog this section are: (1) Primarily Elizondo's Eight Reales and Pesos of the New World book, the first numbers being the code numbers and the "E" numbers being the type. Then each coin is cross-referenced to either Yeoman's Catalog of Modern World Coins book or Craig's Coins of the World 1750-1850.

Elizondo's numbers are being used by all of the leading numismatists in the United States and overseas. Collectors without a second edition are urged to obtain a copy. The book is available from us at \$12.50 postpaid.

GUATEMALA COUNTERSTAMPS have become increasingly popular since they were listed by date in Elizondo's 2nd edition and so we have been selling them as soon as we get them. The collector will be interested in realizing that the prices indicated on pages 192 and 193 of Elizondo's book are meant to be for Fine, Very Fine and Extremely Fine. You can verify this by looking at pages 194 and 195. Also, in 99% of the cases the counterstamped coins are rarer than the regular issues. If you compare evaluations in Elizondo's book of the regular issues and counterstamps, you will note that some of the counterstamp evaluations are lower.

#14 E5 Y25a 1 Peso 1883 It gives a great deal of pleasure to be able to offer what we consider a rarity of a high degree. We believe this coin to be in fact one of the key coins for date collectors of Latin American crowns. This same date without the 25 gmos, (Eliz. type 4, Y25) will not be as rare. However, this particular piece with the 25 gmos on the reverse is being offered by us for the first time. We believe that this date is in fact as rare as the 1914 Peso but only lacks public recognition. About Uncirculated. 500.00

PERU

Except for the crown-size coins which will be found in the "8 Reales and Pesos" section, all of the Peruvian coins will be numbered with the numbers used in our new book "The Coins of Peru, 1822-1972" by Al Almanzar and Dale Seppa. This large 84-page book is now printed and ready to be mailed for only 3.00 postpaid. It is sure to be accepted as the standard for the complicated coinage of this romantic country. Some say "buy the book before the coin" and in this case we must agree with them. (But buy some coins too.)

VATICAN CITY

Are the coins of this small city state on the move? We do know that recently we have received very many want lists. Instead of sending the coins to any one person, we have decided the fairest way to offer this consignment we just received is via the bulletin. Most are one of a kind and subject to previous sale.

BRITISH WEST AFRICA

The standard reference work for this extremely challenging series is "The Coinage of British West Africa". This detailed monograph lists all of the coins and gives valuations in six grades of conservation. All types are illustrated and cross-referenced to Yeoman's

"Modern World Coins". The data in this book is extremely authoritative inasmuch as it is based on two years of research on availability. This book is a must for the specialist who is presently struggling along with a more general catalog. It is available from us for 2.00 postpaid in the U.S.

LETTERS FROM SATISFIED CUSTOMERS

"Dear Al:

I received into my care the review copy Monday A.M., May 1, 1972, titled "The Coins of Peru 1822-1972" by Al Almanzar and Dale A. Seppa.

It is most thoughtful of you to send copies of your numismatic achievements to the Bureau of Archives, Society for International Numismatics, and I can assure you all complementary numismatic editions are deeply appreciated by your S.I.N. friends.

It is doubtful if the following is an original idea on my part. However, it possibly reflects similar thoughts held in the minds of many of your numismatic reading fans. I.E. to say, at this time one can conjecture that as the future unfolds Almanzar's and associates will eventually uncover and relate all aspects of numismatic research concerning every Central and South American country, coins and paper currency alike, and eventually combine the coins of S.A. into one volume; likewise the same for C.A. followed by similar combinations for paper money, and as the coinage expands year by year, almost all areas will be great enough to develop a standard book length reference. And of course I am sure other types of references will make their appearance from time to time.

The future sure looks bright and full of roses for Almanzar and associates. If I wasn't so darned old it might be nice on this basis to own a share or two of Almanzar's Publishing House. At least success has to be yours, and well earned; I may add.

.....

Yours sincerely,
Melvin J. Kohl"

(Director of Bureau of Archives, S.I.N., Calif.)

"...It is a pleasure to do business with a firm that is both efficient and courteous. Most firms treat their customers coldly, but I find that yours is different.

Thank You,
Howard Singer" (Illinois)

".... After several years of collecting world coins and dealing with numerous dealers throughout the world, I have found you to be one of the fairest and most dependable dealers. Collecting world coins is a pleasure when there are dealers like you in the business.

W. Ritchie" (New York)

WE ARE NOW ACCEPTING ADDITIONAL ITEMS FOR SALE BY PUBLIC AUCTION AT OUR AUGUST SALE OF THE KING FAROUK OF EGYPT COLLECTION, ET AL OF WORLD PAPER MONEY, RARE AND SCARCE COINS AND RELATED NUMISMATIC ITEMS OF THE WORLD.

نظام صفاة الملك

1. We will accept on consignment for this mail and floor bid sale all numismatic material, including coins, paper money, tokens, medals, proclamation pieces and so forth, except forgeries, counterfeits, restrikes, fantasy coins, unofficial issues or controversial coins issued in recent years. We reserve the right to reject any individual coins or lots without explanation if we feel they fall into one of these classifications. We are at this moment particularly interested in gold and platinum coins of the world, Latin American proclamation pieces, rare Mexican coins, worthwhile European pieces, in particular pieces from Germany and Scandinavia, also European talers. We can also accept rare and scarce notes of any country or period. Should anyone have an entire collection of which they wish to dispose, we can make arrangements to offer part of the collection in this sale and part in a subsequent sale to be held later this year. We are also ready and willing to work closely with you should you have holdings of a special nature which need special treatment.

2. Our commission is 20% of the price realized on each lot, with a minimum of \$2.00 per lot. On any individual lot selling for over \$200.00, our commission will be reduced to 15% for that lot only.

3. Each individual lot must have a retail value of \$20.00. Several coins of the same country may be grouped together to meet this minimum value. No low value lot may contain more than six (6) individual pieces.

4. Each consignor has the right to place a reserve on any or all of his lots. The reserve is technically a bid. In cases where the reserve is the high bid the consignor will pay 10% commission with a minimum of \$2.00 per lot.

5. We will make a conscientious effort to adequately describe all consigned material. The grading published in the catalog will be our grading since our customers are accustomed to our grading standards and will make bids based on this expectation.

6. Pictures of selected rare and choice coins will be published in the sale catalog. If any consignor wishes to insure that any of his consignment is pictured, there will be a \$3.00 fee, for each coin, over and above our commission listed above to partially cover the cost of photography and printing.

7. All consignments must be received in our office not later than June 20, 1972.

8. A contract, listing all lots received, will be sent to each consignor within a few days after receipt. We assume full responsibility in case of loss. Your coins will be kept in fire-proof safes. Our shop is equipped with a burglar alarm for added protection. Your material will receive the same care and protection that we give our own coins.

9. Sale catalogs will be mailed on or about July 20, 1972. Each consignor will receive a free copy of the sale catalog and the list of prices realized.

10. Closing date for mail bids in this sale is August 22, 1972. The floor bids for the sale will take place in the Hilton Palacio del Rio Hotel in San Antonio on the 25th, 26th and 27th of August, 1972. All lots including those bought back by the owners, will be sent out shortly after the sale. Cash payment for lots sold to other bidders will be mailed to consignors not later than eight (8) weeks after the closing date of the sale. The list of prices realized should be ready about the same time.

11. Auction catalogs for this important sale will be mailed well in advance of sale date to allow prospective bidders to research and place their bids. The catalog price will be \$2.00 delivered by surface mail in the United States, \$3.00 by air mail to any part of the world. Prices realized will be \$1.00 extra. Only subscribers will receive this auction catalog.
